[Music] Lucy, we need to book a hotel in London.
I found three options.
Good. What are they?
First, the City View Hotel.
It's close to the center and has free Wi-Fi, but the rooms are small.
What about the second one?
It's called Green Garden Hotel.
It's a bit cheaper and has bigger rooms.
There's also a nice garden and a gym.
That sounds better than the first one.
And the third, the third is Royal Palace Hotel.
It's the most expensive, but it has a swimming pool, a restaurant, and very good reviews.
Wow, that sounds like the best hotel, but it's more expensive, right?
Yes, but it's also the most comfortable.
And breakfast is included.
Let's compare.
The City View Hotel is the closest to the city center, but the rooms are the smallest, right?
The Green Garden is cheaper and has more space, but it's farther from the center.
And the Royal Palace is the most luxurious.
I really like the idea of a pool and breakfast.
Me, too.
It's more expensive, but we'll enjoy our stay more.
Okay, let's book the Royal Palace Hotel.
It's the best for a short holiday.
Deal. I'll book it now.
